Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Representative for applicant wished to discuss proposed amendments prior to filing a formal response. Examiner reviewed the amended and newly presented claims. Representative for applicant wanted to focus on the sleeve feature and inventive, slotted design of the device. Representative stated he would likely cancel broader claims 35-38 and further prosecute the remaining new ones. Examiner suggested adding further structure and/or more specific language to claim the sleeve. Additional amendments may require further search and consideration. .
